WORK HISTORY

iOS Developer

August 2024 – March 2025

LendenClub, Mumbai

- Project: **LendenClub**
- LendenClub App Store Link: [LendenClub](#)
- Implemented and optimized **3+ design patterns** (Strategy, Singleton, Factory, etc.) to enhance app scalability and maintainability, **reducing crash rates by 30% and increasing performance by 20%**.
- Developed and maintained offline data storage using Core Data for user behavior logs, **improving user tracking efficiency by 40% and optimizing app performance by 25%**.
- **Functionality:** MVVM, CleverTap, Core Data, multithreading, networking, analytics

iOS Developer SDE-1

October 2021 – October 2023

Network18, Mumbai

- Project: **Moneycontrol**
- Moneycontrol App Store Link: [Moneycontrol](#)
- Designed and implemented intuitive UI/UX for iOS applications using Swift, Objective-C, SwiftUI, **increasing user engagement by 23%**.
- Integrated and maintained CleverTap push notifications, deep linking, and event tracking, **improving user retention by 25% and automating 100K+ push notifications monthly**.
- **Functionality:** MVVM, CleverTap, Agile process, deep linking and push notifications, multithreading, networking

iOS Developer

July 2020 – October 2021

Equinox Labs, Mumbai

- Project: **Nutripedia, Hygiene Quotient, Foodshots**
- Nutripedia App Store Link: [Nutripedia](#)
- Foodshots App Store Link: [Foodshots](#)
- Hygiene Quotient App Store Link: [Hygiene Quotient](#)
- Created and maintained apps from scratch with VIPER and MVVM architecture, **improving scalability and reducing maintenance efforts by 40%**.
- Built custom UI components to provide visually appealing and interactive experiences, enhancing app aesthetics and **improving user interaction time by 30%**.
- **Functionality:** Realm DB, MVVM, VIPER architecture, multithreading, networking

iOS Developer

Matchpoint GPS, Mumbai

February 2020 – March 2020

- Project: **Matchpoint GPS (GPS tracking application)**
- App Store Link: [Matchpoint GPS](#)
- Optimized code and conducted thorough debugging, **reducing app crash rate by 6%** and improving stability.
- Wrote modular, scalable, and testable code, improving app performance and **reducing technical debt by 5%**, ensuring long-term maintainability.
- Created **3+ reusable code modules**, **reducing development time for future projects by 4%** and accelerating feature deployment.
- **Functionality:** Core Data, MapmyIndia SDK, multithreading, networking

Jr. iOS Developer

Airit Media LLP, Mumbai

January 2019 – December 2019

- Project: **Mi Airit (Chat application)**
- App Store Link: [Mi Airit](#)
- Created and maintained C++ module for fetching iOS device details, enhancing API-level security and ensuring **90% data protection compliance**.
- Implemented optimized memory management techniques using Xcode Instruments, **reducing app memory footprint by 35%** and **improving performance by 25%**.
- Provided real-time data updates required for the chat application and used SQLite core framework, **reducing data sync latency by 40%** and ensuring seamless user experience.
- **Functionality:** SQLite, Facebook Ads, web services, C++, UI designing, autolayout, FCM, push notification, app optimization using Objective-C and Swift, multithreading, networking

iOS Developer

Synergy Technology Services, Mumbai

October 2018 – December 2018

- Collaborated with senior developers, participating in over **10 code reviews** to improve code quality and maintainability.
- Developed and **tested 5+ sample modules** to strengthen understanding of iOS frameworks, including UIKit and Core Data.
- Enhanced app UI responsiveness by optimizing layouts, **reducing view load times by approximately 20%**.
- Assisted in debugging and troubleshooting, helping **resolve 15+ issues** during development sprints.
- Applied best practices in mobile architecture, contributing to a **30% reduction in code errors** during team reviews.

EDUCATION

Bachelor of Computer Engineering

Khandesh College Education Society, Jalgaon, Maharashtra

GPA: 6.57/10

May 2018

Diploma in Computer Engineering

Gulabrao Deokar College, Jalgaon, Maharashtra

Final Grade: 67.18%

May 2013
